ABSTRACT

The search for the Seven Dragon Balls begins. Goku must navigate through the cryptoverse to reach his goal. Goku has returned from heaven to have Master Kaio explain the cryptoverse to him. Currently undergoing his apprenticeship, Goku is learning how to create the ultimate cryptocurrency.

Son Goku, must avoid the mistakes of his ancestors. Only then, he will have a chance to defeat his adversaries.

It is no longer only about the search for the Dragon Balls, but also about establishing his cryptocurrency.

INTRODUCTION

Goku's adventure began on 08/18/2021. As a pioneer in anime meme tokens, he set out to become deflationary, along with other mechanisms to help achieve his goal. To stand out from other projects, he has burned 70% of his supply. His goal is to become Crypto Saiyan!!!

He is not alone on the road, so he wants to gain assistance from fellow travellers. To make this a reality, he intends to become a community-driven cryptocurrency. Goku is highly motivated to make his cryptocurrency commonplace.

Goku's goal is to set up a platform for buying & selling anime NFT's. He also wants to build a community where people can talk about manga and anime.

By charging a small fee with each sale of Goku tokens, necessary funds are acquired to implement a sound marketing strategy as well as adding liquidity to help the coin last the test of time. With the help of this, more followers will join the community.

Goku needs his team and their support. Only then, can he become Crypto Saiyan.

VISION

After the successful launch of his cryptocurrency, the news spread quickly. Many of his followers joined Goku on his journey to a new galaxy. Today, Goku is one of the first anime tokens of its kind. He uses his experience in other projects to stand out. As a result, he is always one step ahead of his opponents.

MARKETING STRATEGY

Goku uses a time-tested marketing strategy and wants to stand out from its competitors. This strategy is used worldwide and is known as SWOT analysis. By identifying its strengths, weaknesses, opportunities and threats using different analysis, it can help develop a sophisticated marketing concept. Goku's goal is to become commonplace and one of the leaders of deflationary cryptocurrencies.

The marketing fee helps to achieve the desired goals. With the help of its supporters, Goku grows stronger.

NFT MARKETPLACE & USE CASE

Goku intends to build an exceptional NFT platform. He wants his followers to buy, sell and trade NFTs. As his cryptocurrency establishes itself, he is taking advantage of the opportunity and releasing different NFTs that are available on a limited basis. These NFTs are sold in limited numbers through OpenSea or Rarible. A part of the proceeds will be donated to charity organizations, so the money can be used for a good cause.

Furthermore, Goku intends to create a safe place to live out the passion of Mangas & Anime.

Another special feature is the development of a web-based game, where rare NFTs can be won by using Goku tokens.

COLLECT THE 7 DRAGON (NFT) BALLS

In search of the Dragon Balls, selected fighters will release 7 NFTs. There will only be a limited number of these NFTs. The 7 NFTs will be released in collaboration with 7 different artists. Are you about to support Goku and become part of a new era?

HOW TO BUY

🍍 Install the Metamask Plugin for Chrome.

Head to Metamask.io and install the Chrome Extension. Follow the Steps from their guide to set up your wallet.

🍍 Fund your wallet with ETH.

You can buy via Metamask with credit card or transfer ETH from your chosen wallet/exchange
